Speaking Earth *Haqaṭpaṭninam* (Hackalth-palth-knee-nam) is a two-day packaged experience offered only through the Ktunaxa Nation-owned St. Eugene Golf Resort & Casino - an exclusive

destination in southern British Columbia.

The Ktunaxa People are an ancient culture, who possess a language unlike any other in history. Their stories and

traditions are deeply connected to the land, and they're proud to share their culture with guests in a spectacular Rocky Mountain setting.

Join Ktunaxa Nation members for two days of entertainment, excitement and enlightenment, based at the St. Eugene Golf Resort & Casino. Guests will experience traditional knowledge and culture interpreted by nation members in a hands-on environment. They will hear stories, scrape hides, learn to bead, play traditional games, and for one night, guests will also sleep in traditional tipis.

*This package is unlike any other First Nation experience. It is an artful blend of authenticity and comfort in a resort environment with a caring and knowledgeable team.*
